

CAPABILITY STATEMENT

New Wave Geographics, LLC (NewWaveGeo) was formed in 2007 to assist organizations in meeting the increasing demand for reliable, cost-effective GIS solutions. We pride ourself in being a small business providing organizations with an attentive and focused experience. The President and our management team has earned an exceptional reputation within the GIS industry. Over the years we have worked diligently to build a robust team of highly regarded of GIS experts. We strategically select the appropriate GIS expert needed for each individual project. This approach allows NewWaveGeo to remain small, dynamic, responsive, and results oriented.

Our mission is to build lasting relationships. We build these relationships on our commitment to your needs and success. We maintain a strong core philosophy of serving our clients and delivering results. Consistent, open and forthright communication with our clients and project stakeholders is the hallmark of our management philosophy.

CORPORATE DATA

- Duns No: 068901138
- Cage Code: YLK7
